

Lockwood LE1

Floor-standing Loudspeaker with 15" Dual Concentric Driver Unlock the Full Potential of Your Music and Experience Studio Quality Sound

For listeners who demand the best sound quality, the Lockwood LE1 is a must-have. This 2-way floor standing loudspeaker delivers a level of sonic performance that rivals larger and more expensive speaker designs. With its distortion-free sound, and fast accurate and deep bass response, the LE1 immerses you in your music like never before.

Famously Led Zeppelin, Bob Marley and the Wailers, Queen, Black Sabbath and many of the world's best-sounding and iconic albums were recorded and mixed using Lockwood LE1 loudspeakers. Many artists used Lockwood Loudspeakers at home including Elton John who owned a pair in custom light blue cabinets and The Who's Pete Townsend owned a custom orange pair.

Featuring 15-inch dual concentric point-source drivers, the Lockwood LE1 delivers linear amplitude and phase for a truly holographic sound experience.

This point source design delivers audiophile-level detail and clarity, with incredible mid-range, bass precision, and crystal-clear highs. The hand-built cross-over components and OFC internal wiring further enhance the speaker's exceptional sound quality.

Get ready to experience music with a new level of detail and power. The Lockwood LE1 delivers a life-like sense of scale, musical coherence, and impact that brings your favourite tracks to life. Whether you're listening to classical, rock, or anything in between, the LE1 will take your audio experience to the next level.
